**LeBron James Breaks Silence
on Kobe's Death: 'I'm Heartbro-
ken and Devastated'**

I'm Not Ready but here I go. Man I sitting here trying to write something for this post but every time I try I begin crying again just thinking about you, niece Gigi and the friendship/-bond/brotherhood we had! I literally just heard your voice Sunday morning before I left Philly to head back to LA. Didn't think for one bit in a million years that would be the last conversation we'd have. WTF!! I'm heartbroken and devastated my brother!! . Man I love you big bro. My heart goes to Vanessa and the kids. I promise you I'll continue your legacy man! You mean so much to us all here especially #LakerNation and it's my responsibility to put this shit on my back and keep it going!! Please give me the strength from the heavens above and watch over me! I got US here! There's so much more I want to say but just can't right now because I can't get through it! Until we meet again my brother!!
